Power Shake

Power Bank with motion sensor: just shake it slightly to activate the bright LED incorporated in the body, which emphasises the logo or graphics chosen. The rubber-effect finish creates a pleasant contrast with the high-gloss plastic end of the body, which houses the charging indicator lights. This Power Bank has two USB ports for a total of 2A, useful for simultaneous charging of smartphones or other mobile devices; plus micro USB and lightning ports, so any type of available cable can be used to recharge. The top surface can be customised with LED printing, a technique that enhances the logo or graphics applied, thanks to the LED backlighting that lights up when the Power Bank is charging or is connected to an energy source. The LED is available in five colour variations.

Product code
PB058

Materials
Plastic.

Delivery days
28

Front Customisation
Led Logo.

Size
13,7 × 7 × 1,5 cm

Back Customisation
CMYK printing.

Accessories
USB Cable.

Packaging
Window Box XXL,
Custom Window
box.

Print Area
10 × 4,5 cm

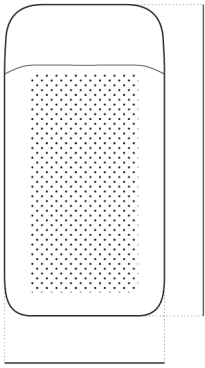

Certification

Input:
(IT) DC5V/1A
