Valet

Empty pocket tray in concrete and cork with built-in 5W wireless charger, designed for smartphones equipped with Qi technology and compatible with wireless charging. In addition to the primary recharge function, Valet is also useful as a piece of furniture for storing objects and business cards. The use of rough textured concrete and minimal design give it an original and sophisticated look. The USB cable is flat and tangle-free and has the same grey colour as the concrete base. The cork base also makes it anti-scratch and non-slip. Valet is available in the natural grey colour and can be customised with the company logo in digital printing. Another strong point is the delivery time: it is shipped from our premises within 24/48 hours from order confirmation, and delivery takes place in 24 or 72 hours depending on the destination.

Product code
WC903

Materials
Concrete.

Delivery days
2

Front Customisation
Digital Printing.

Size
18,6 × 10,0 × 1,45
cm

Packaging
Havana Box,
Personalizable
Havana Box.

Print Area
6,5 × 8,0 cm

Certification
CE RoHS
