Pair Pod Priority

The Pair Pod ear buds are headphones with True Wireless Stereo technology and a case with magnetic induction charging base. Product shipped in only 24 hours in neutral version and 48 hours in customized version, thanks to the fast delivery service. *

The Bluetooth 5.0 version guarantees a coverage of 10 metres. The ear buds have 55 mAh batteries and a listening range of approximately 2-3 hours. To charge them, just put them back in their case, which is fitted with a 350 mAh battery, which can in turn be charged via USB cable. Thanks to the built-in microphone, you can also make calls without needing any cables. The case can be customized on two sides with company logos in digital printing.

**The products ready for delivery are shipped from our premises within 24/48 hours from the order confirmation. Delivery takes place in 24 or 72 hours depending on the destination area and the type of product. Power Bank, speakers and all battery-powered products may have longer delivery times because they do not allow shipping by air. We invite you to check the expected date for the delivery of your order in the estimate.*
