Razor Wood

Wooden USB flash drive with a rectangular shape and extremely compact in size, available in three types of material: Bamboo, Walnut and Maple. Inspired by the rotating motion of traditional razors, it features a swivel-opening mechanism to expose the connector, making it extremely practical to use. Its sleek design lends this USB flash drive a minimal style, enhanced with a touch of warmth thanks to the use of wood. Razor Wood can be customised on both sides using silk-screen printing or relief printing
